

Information Bulletin Number 10/2003

To : All UAE Operators and Foreign Operators based in UAE
From : Director Flight Safety
Reference : 20212/1075/03
Date : 30th March 2003
Subject : FAA Security Considerations for the Flightdeck on Foreign Operated Transport Aircraft.
Reference : 14 CFR Part 129, Effective 30/12/02.
Definitions : FAR Part 129: Foreign Operated Transport Category Aircraft Operating to/from the USA.
: FAR Part 91 : Private Category Aircraft (e.g. State Aircraft).

In response to the queries from the aviation industry, as to whether or not aircraft in the private category are subject to FAA special flightdeck security requirements, the GCAA has made representations to the appropriate authorities in Washington on the matter.

Please be advised that the referenced FAA Special Federal Aviation Regulation (SFAR), which mandates strengthened cockpit door requirements does not apply to aircraft operating under FAR Part 91. Only those aircraft operating under a FAR 129 certificate must comply with provisions of the reference.

Best regards,

AHMED AL HADDABI
Director Flight Safety
