

Information Bulletin Number 14 /2003

To : All UAE Operators/Organizations
From : Chief of Airworthiness
Reference : 20212/1595/03
Date : 4 May 2003
Subject : MODR Policy

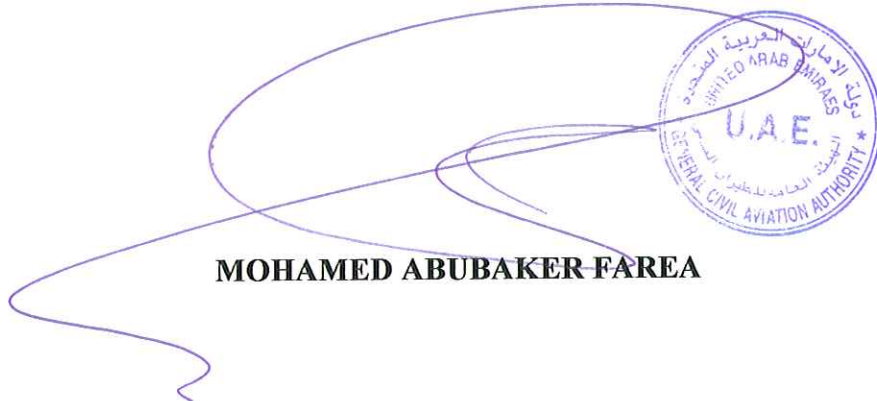

It has been noticed that some UAE Operators/ Organizations are raising MODR's without conducting an investigation or taking proper corrective actions.

The GCAA expects that every MODR raised shall be accompanied or followed by immediate action (if required) and investigation report . This report shall be forwarded to the GCAA by the Operator/Organization responsible for raising this MODR.

The MODR when raised does not alleviate the Operator/ Organization from carrying out their own investigation within the company or the respective manufacturers etc...

The GCAA may carry out its own investigation if deemed necessary and will monitor Operator/ Organization compliance with the above policy.

Regards,

MOHAMED ABUBAKER FAREA
